Dear Steve,

Since 1975 you and Silk Screen Shirts have provided all the clothing and merchandise needs for my company Joe Jost's. In those early years, logo t-shirts were just starting to get popular and represented maybe 2% or 3% of my total sales. Now with Silk Screen Shirts creative ideas and fantastic artwork, merchandise now represents 15% of total sales. Where we originally thought of t-shirt sales as a form of advertising, we now treat it as an important profit center for our successful 82-year-old business. Of course having tens of thousands of people walking around with our logo on their backs doesn't hurt. The quality of your products has helped us to provide good-looking, high quality merchandise that our customers love to wear and we are proud sell. Constantly keeping us in new designs and products has encouraged our customers to purchase more.

Please thank all your employees for the fine job they do and thank you for 31 years of great service.

Sincerely,

Ken J. Buck
